

INTERGOVERNMENTAL AGREEMENT BETWEEN THE VILLAGE OF
ISLAND LAKE AND THE COUNTY OF LAKE FOR THE FUNDING OF ENHANCED
9-1-1 WIRELESS EMERGENCY TELEPHONE CALL TAKING SERVICE

THIS AGREEMENT is made and entered into this _____ day of _____, 2003 between the Village of Island Lake, a municipal corporation, ("Municipality") and the County of Lake ("County") for the funding of Enhanced 9-1-1 Wireless Emergency Telephone Call-Taking Services.

WHEREAS, the Constitution of the State of Illinois, 1970, Article VII, Section 10, authorizes units of local government to contract or otherwise associate among themselves in any manner not prohibited by law or ordinance; and,

WHEREAS, the Illinois Intergovernmental Cooperation Act, 5 ILCS 220/1 *et seq.*, provides that any power or powers, privileges or authority exercised or which may be exercised by public agencies may be exercised and enjoyed jointly with any other unit of local government; and,

WHEREAS, the Municipality and the County are both units of government as defined in the Constitution of the State of Illinois and public agencies as defined in the Illinois Intergovernmental Cooperation Act; and,

WHEREAS, the Municipality is a member of the Lake County Emergency Telephone System Board (the "Lake County ETSB"); and,

WHEREAS, the Lake County ETSB and the Island Lake Police Department operate a Public Safety Answering Point (hereinafter referred to as a "PSAP") in the Island Lake Police Department's dispatch center (the "Island Lake PSAP"); and,

WHEREAS, the Municipality employs call takers and dispatchers who serve both as 9-1-1 call-takers for the Lake County ETSB and call-takers and dispatchers for the Island Lake and Fox River Valley Gardens Police Departments; and,

WHEREAS, the Illinois Legislature has mandated that the Lake County ETSB must also provide call-taking services for wireless 9-1-1 telephone calls pursuant to the Wireless Emergency Telephone Safety Act, 50 ILCS 751/1 *et seq.*; and,

WHEREAS, Section 751/20 of the act creates the Wireless Service Emergency Fund and provides that grants from such Fund to emergency telephone systems boards may be used only for the design, implementation, operation, maintenance, or upgrade of wireless 9-1-1 or E9-1-1 emergency services and the PSAPs, and for no other purposes; and,

WHEREAS, 9-1-1 wireless calls are answered by the Lake County ETSB's PSAP located in the Lake County Sheriff's Radio Dispatch Center and then transferred to the appropriate PSAP for further processing of the wireless 9-1-1 call and dispatching; and,

WHEREAS, the parties agree that the Municipality will need to employ additional call-takers or reassign the duties of current employees to staff the Island Lake PSAP to handle the influx of wireless 9-1-1 calls and gather the necessary information to then allow the dispatch of the appropriate public safety agency in response to a wireless 9-1-1 call and to provide the emergency services requested; and,

WHEREAS, the payment of salary and expenses for wireless 9-1-1 call-takers only at the Lake County ETSB PSAPs is considered an appropriate expense of wireless surcharge funds pursuant to 50 ILCS 751/20;

NOW, THEREFORE, IT IS HEREBY AGREED THAT:

1. A portion of the wireless surcharge funds remitted to the Lake County ETSB will be distributed to the Municipality via grants in the form of monthly reimbursement of salary and benefit expenses for 9-1-1 wireless call-taking personnel at the Island Lake PSAP.
2. Said grant funds will be paid to the Municipality in monthly payments after the Municipality submits to the Lake County ETSB monthly reimbursement vouchers for Island Lake PSAP call-taker salary and benefits, with a written explanation for the basis of the expense.
3. The yearly total sum of said monthly grant payments to the Municipality will not exceed \$50,000.00 (fifty thousand U.S. dollars) per annum for each full time equivalent employee (hereinafter referred to as an "FTE") allotted to the Island Lake PSAP by the Lake County ETSB.
4. The Island Lake PSAP is allotted a maximum of one-half (.5) FTE, or a maximum of \$25,000 per year.
5. The Island Lake PSAP's allotment of a portion of an FTE will be reviewed by the Lake County ETSB six months after the signing of this Agreement and just prior to the yearly anniversary date of the Agreement thereafter. The Lake County ETSB has the absolute right to change the Island Lake PSAP's FTE allotment after 60 days written notice to the Municipality. Any changes or modifications to the Agreement must be in writing and signed by all parties.
6. All wireless 9-1-1 funds must be used by the Municipality solely for the payment of salary and benefit expenditures for Island Lake PSAP employees whose job

includes receiving wireless 9-1-1 calls and gathering information which will allow the appropriate public safety agency to be dispatched to provide the emergency services requested. These funds shall not be used to compensate personnel for performing functions that are unrelated to the 9-1-1 wireless call-taking function. If an employee spends only a portion of his or her work time performing 9-1-1 call-taking responsibilities, the percentage of the employee's compensation reimbursable by said funds must be in direct proportion to the percentage of his time allocated to wireless call-taking. The Municipality must submit documentation satisfactory to the Lake County ETSB to justify the percentage allocated as calculated by the Municipality. Said documentation must be in substantially the same form as is found in Appendix A to this Agreement as attached and incorporated herein. These funds will not be expended to reimburse employees for time spent dispatching emergency services or providing the emergency services requested. These funds will not be used to enhance current compensation of current employees unless employees are being assigned responsibility for 9-1-1 wireless call-taking in addition to already existing duties.

7. The funds must not be used to supplement or replace any funds that have been or will be budgeted or allocated as part of the Municipality's overall budget for public safety.
8. The Municipality must maintain all financial records related to the receipt of the wireless 9-1-1 funds, the expenditure of the funds and the Municipality's public safety budget and expenditures for at least three (3) years after each payment.
9. The Municipality is subject to audit by the Lake County ETSB to ensure that the wireless 9-1-1 funds are being expended for the appropriate purpose.
10. The County reserves the absolute right to terminate this Agreement at any time but must provide the Municipality with 90 (ninety) days written notice.
11. The terms of this agreement shall be for one year from April 1, 2003 to March 31, 2004. The Agreement is subject to renewal but the Parties must provide each other with written notice of their intent 60 days prior to the scheduled termination date.

IN WITNESS WHEREOF, the undersigned local governments have set their signatures on the respective dates set forth below.
