1. A status quo (no new positions or programs) budget shall be submitted in accordance with existing levels of services provided by the department.
2. The County will integrate performance objectives and productivity indicators into the budget for the current and proposed budget years.

4. New or expanded programs may be included in the budget request as a separate package when no funding source is identified and will be evaluated against County-wide priorities. The programs will be evaluated in accordance with criteria established by the Financial and Administrative Committee.
5. Department Heads are encouraged to review each vacant position in their department during the budget development and throughout the fiscal year with regards to each position's importance to the department and any alternative to refilling the vacant position.

### III. BUDGET POLICIES BY FUND TYPE:

#### A. Property Tax Funds (Excluding Special Service Areas) -

1. The Illinois Property Tax Extension Limitation Act (the Act) limits the amount of total property tax that can be levied by the County Board. In complying with the Act, the levy for each fund shall be based upon an evaluation of its fiscal health; non-tax revenues; opportunities for non-tax revenue growth; level of planned expenditures; and cash requirements. Thus, departmental budget requests submitted in compliance with these policies may be subject to adjustment and/or reduction in order to satisfy levy determinations.
2. Unallocated fund balances are to be maintained in an amount equal to the individual fund's prior year maximum monthly cash flow plus an amount equal to 15% of the fund's current fiscal year budget/appropriation. These funds may be used to avoid cash flow interruptions; generate interest income; reduce the need for short-term borrowing; assist in maintaining an investment-grade bond rating; provide for unanticipated expenditures of a nonrecurring nature; and/or meet unexpected increases in service delivery costs.
3. Aggregate appropriations for commodities and contractual account classes shall not exceed the current year adjusted aggregate appropriations (cost increases for Health-Life-Dental Insurance are exempt).
4. No new or expanded state or federal grants shall be accepted that require use of County resources of any kind unless approved in accordance with Budget Submittal Policies (Section II). Renewals of state or federal grants shall receive the closest possible scrutiny.
5. If program funding from any non-County sources (e.g. state grants, federal grants, intergovernmental agreements, etc.) is reduced or eliminated, commensurate expense reductions or new revenue increases shall be made or, where necessary, the program will be eliminated. Exceptions may be made where grant funds were used to offset expenses that were previously provided for by local tax dollars. In the latter instance, the plan for working with adjusted amount of property tax revenue must be understood.
6. All Departments, including those that report to a Board or Commission separate from the County Board, will comply with all County administrative policies unless specific exclusions are granted annually by the Financial and Administrative Committee or except as provided by State law. These include, but are not limited to; the County's Investment Policy, Travel Reimbursement Policies, Employee Policies and Procedures and the Purchasing Ordinance.
7. Capital Outlay:  
  
Corporate Fund departments shall identify all capital items, quantities and costs in their budget submission. Capital items under \$2,500 shall remain budgeted in department accounts. Items over \$2,500 will be moved to, and the actual approved budget amounts shall be appropriated in, the General Operating Expense (GOE) budget. Purchases shall be limited to those items identified in the budget submittal. Any substitutions or additions must be approved in advance by the Office of Budget and Management.

**B. Non-Property Tax Funds:**

1. Appropriations will not exceed available working cash and/or anticipated revenues. Adequate cash flow requirements will be maintained.
2. The Department of Public Works will maintain the progressive schedule delineated in 1982 for establishing the necessary working cash as outlined in the Series Ordinance System and as it pertains to all local system agreements.
3. All costs that are associated with non-property tax funds will be included in the department's budget submittal. These include: retirement (IMRF, FICA), Insurance (H-L-D, unemployment, liability, worker's compensation), indirect costs and any direct costs that can be identified.

**C. All Funds**

**1. Personnel Services Costs:**

Compensation will be addressed after budgets have been submitted and reviewed.

**2. Revenues:**

- a. After determination of all sources, all revenues shall be allocated across the various items appropriated by the County Board as provided by law. Unless otherwise provided by law, no department has claim to any specific source of revenue, and must bear responsibility for its pro rata share of any levy of taxes (where applicable), including any increase in a levy as may be applicable.
- b. The County will continue to increase the non-property tax revenues as follows:
  - (1) Make annual adjustments to all fee schedules under the jurisdiction of the County Board, where appropriate; and
  - (2) Maintain aggressive collection activities to receive outstanding monies owed the County; and
  - (3) Recommend new fees that could be charged for departmental activities or services that are currently being performed at no charge.

**3. Capital Equipment:**

- a. All budget requests any capital items shall be based upon the estimated total purchase price, exclusive of trade-in value.

- b. Requests for capital outlay should be limited to replacement items only. Requests for new or expanded capital items must be processed through the Budget Submittal Policies (Section II above).
- c. An item is considered capital equipment if it is a tangible item, has a useful life of more than 1 year, and has an acquisition cost including accessories of \$1,000 or more per item.
