COUNTY OF LAKE)

COUNTY BOARD, LAKE COUNTY, ILLINOIS
ADJOURNED REGULAR SEPTEMBER, A.D., 2003 SESSION
TUESDAY, APRIL 13, 2004

TO THE MEMBERS OF THE LAKE COUNTY BOARD:

Your Chairman presents herewith a Resolution recognizing the month of April 2004 as National Donate Life Month; and requests its adoption.

Respectfully Submitted,

Suzi Schmidt, Chairman
Lake County Board

RESOLUTION

WHEREAS, there are currently 4,300 Illinois residents on a national waiting list of over 84,000 people that could die if they do not receive lifesaving organ transplants; the types of organ transplants needed include kidney, kidney-pancreas, heart, liver, lung, heart-lung, pancreas, and intestine, and

WHEREAS, every 13 minutes, a new person is added to the national waiting list, which is equal to about 110 people per day. Each day an average of 16 people die waiting for transplantable organs, and

WHEREAS, in 2003, more than 5,300 people died waiting for an organ transplant, and 290 of them were from Illinois, and

WHEREAS, just as important as organ donation is the donation of lifesaving and life-enhancing tissue, including corneas, bone, skin, heart valves, ligaments, tendons and major blood vessels. It is estimated that one in 20 Americans will need some type of medical tissue transplant during a lifetime. More than 750,000 tissue transplants are performed each year in the United States, about 2,100 a day, and

WHEREAS, the need for life-giving donation also includes donations of blood and bone marrow. Every three seconds, donated blood is needed to sustain the life of a patient- whether an accident victim, a patient undergoing surgery, or a patient receiving treatment for leukemia, cancer or another disease, and

WHEREAS, nationally, only about 50% of families asked to donate consent to do so, and only about 8% of the need for transplantable tissue is currently being met.

NOW, THEREFORE, BE IT RESOLVED, that the Lake County Board recognizes that phenomenal medical breakthroughs continue every day within the transplant field due to the dedication of transplant professionals and the generosity of donors and their families, and,

BE IT FURTHER RESOLVED, that the Lake County Board also recognizes that education is the first step to increasing the number of families that choose to give the ultimate gift, the gift of life through the donation of a life saving transplant, as one donor is capable of saving and enhancing the lives of more than 25 people, and

BE IT FURTHER RESOLVED, that the Lake County Board joins the Illinois Coalition on Donation in observing the nation's second annual National Donate Life Month in April 2004.

DATED, at Waukegan, Lake County, Illinois on this 13th day of April 2004.
